PUBLIC SAFETY

“The student is the most important person on campus. Without them, there will be no institution. We are dependent on them. They are not to be hurried away so we can do our thing... they are our thing. They are not an interruption to our work but the purpose of it.”

A photograph of a large, multi-story brick building at dusk. The sky is a mix of blue and purple, with a bright sunset visible behind some trees in the background. The building has several windows, some of which are lit from within. A street lamp is visible in the foreground on the right side, casting a warm glow. The overall scene is a serene campus setting.
